PROFIL PROFESIONAL

Kandidat entry-level bidang IT dan software dengan portofolio credential terdokumentasi dalam IT support, application support, web/full-stack development, cloud/data support, dasar cybersecurity, Android Enterprise/MDM, dan rekayasa software berorientasi AI. Cocok untuk peran yang membutuhkan troubleshooting terstruktur, dokumentasi teknis, pembelajaran berbasis bukti, kesadaran dashboard/reporting, dan kemampuan dukungan aplikasi.

SOROTAN KECOCOKAN PERAN

- Built a role-aligned evidence portfolio covering IT support, helpdesk operations, application support, web development, data/Bi, cloud fundamentals, cybersecurity, Android Enterprise/MDM, and AI/ML learning paths.
- Public version is designed for safe sharing: it shows capability, education, and selected verifiable credentials without exposing private IDs or original academic certificate evidence.
- Private recruiter version is available for verified HR/institutional review with credential IDs, private evidence links, and full certificate summary references.

SKILL UTAMA

Domain skill	Ringkasan kapabilitas berbasis bukti
IT / Application Support	Ticket intake, status tracking, troubleshooting notes, SLA awareness, escalation workflow, asset inventory, operational documentation.
Software / Web Development	HTML, CSS, JavaScript, TypeScript, React, Node.js, Express, C#, Java, Python, API basics, validation, responsive UI, Git/GitHub.
Data / BI / Database	SQL, relational databases, analytics workflow, Power BI/Tableau learning path, dashboard/reporting mindset, CSV export, data quality checks.
Cloud / DevOps / Infrastructure	Cloud fundamentals, Azure/AWS exam-prep learning, DevOps concepts, Linux/Git, Kubernetes/OpenShift fundamentals, monitoring concepts.
Cybersecurity / Network Support	Security fundamentals, network security, incident documentation, authentication/security awareness, subnetting and troubleshooting guides.
Android Enterprise / MDM	Android Enterprise Associate/Professional/Expert evidence; device policy, compliance review, endpoint administration, MDM readiness.
AI-oriented Engineering	AI/ML foundations, generative AI, RAG/agentic AI, AI product and engineering concepts, documentation for AI-enabled software workflows.

PENDIDIKAN

- Universitas Gunadarma - Diploma Tiga (D3), Fakultas Teknologi Informasi, Program Studi Manajemen Informatika; GPA/IPK 3.89/4.00; 117 SKS; Predikat Pujian.
- Academic focus: information systems, programming fundamentals, web/application development, databases, systems analysis, and applied IT support foundations.
- Indonesian credentials include BNSP Junior Web Programmer and Gunadarma training in web programming, desktop programming, Java, Visual Basic .NET, HTML5, and basic web application development.

PROYEK PORTFOLIO

Proyek	Stack	Kapabilitas yang ditunjukkan	Catatan berbagi
IT Helpdesk Ticketing & Asset Inventory	React / TypeScript / Vite / PWA / CSV export	Ticket intake, status tracking, asset inventory, internal IT reporting, and helpdesk workflow evidence.	Project Showcase
Incident Monitoring Dashboard	Flask/FastAPI-style backend / SQLite / React / reporting	Incident logging, SLA awareness, RCA notes, uptime calculation, resolution notes, and operational reporting.	Project Showcase
Network Subnet Troubleshooter	TypeScript / React / Vite / networking toolkit	Subnet calculation, IP/CIDR validation, OSI troubleshooting guide, command cheatsheet, and case simulation.	Project Showcase
Modern URL Shortener	React / Express / PostgreSQL / Drizzle ORM / Zod	Full-stack TypeScript app with DNS validation, short URL generation, database storage, validation contracts, and redirect flow.	Project Showcase
Kotlin Android Device Policy Demo	Kotlin / Android Enterprise / MDM prototype	Android Enterprise/MDM policy review, compliance flow, simulated administrative actions, device management, and activity logging.	Project Showcase

SERTIFIKASI & BUKTI PILIHAN

Credential / Bukti	Penerbit / Platform	Kesesuaian peran	Status publik
Google IT Support	Coursera / Google	IT Support / Application Support	Professional Certificate / visible badge
Microsoft IT Support Specialist	Coursera / Microsoft	IT Support / Service Desk	Professional Certificate / visible badge

PENGUNAAN YANG DISARANKAN

- Use this public version for first-stage applications, family review, portfolio sharing, and broad recruiter screening.
- Use the private recruiter CV only after the recipient is legitimate and needs formal academic/credential verification.
- Do not attach private academic documents, raw credential IDs, QR/signature crops, or original certificate files to general public posts.
